

BECOME A BUSINESS SPONSOR TODAY !

REHABILITATION AND EDUCATION

Each year, through the efforts of trained volunteers and supporting veterinarians, a healthy percentage of the 2500 birds that come to us are **rehabilitated** and **released** back into the wild. We are proud of this accomplishment!

And it is not just wild birds that benefit from our activities. **Community residents** deeply appreciate knowing that we are there to help and support their concerns for the birds they have rescued.

Our **outreach classes and presentations** also help educate the community about the natural history and environmental significance of wild birds.

Though our **volunteer programs** we also provide area residents, both adult and youth, with the very unique opportunity to have a hands-on experience with native wildlife while making a meaningful contribution to the environment.

Your support helps with:

- Food and medical costs
- Transportation costs
- Bird Rescue Response Line
- Educational materials
- Maintain our 'educational ambassador' resident raptors
